This is a notice of the decision reached at the Board of Directors meeting held on November 11, 2021 to revise the year-end dividend, as detailed below.

1. Reasons for revising the dividend forecast

GMO Payment Gateway, Inc. (the Company) places management priority on sustainably securing the necessary retained earnings for the purpose of future business expansion and for strengthening the organization, as well as to sustain a stable level of shareholder returns.

The year-end dividend for the fiscal year ending September 2021 was initially forecast at ¥54 per share as disclosed in the “Summary of Consolidated Financial Statements for FY2020” released on November 11, 2020.
